Draft response_Q1and2 (lhc markup).docx

Added additional content. I know it makes it even longer but I wanted everyone to have a bit wider field of information which can be distilled down to best respond to the questions. I did this pretty quickly and would like to review further drafts to make sure it's factually correct.

All,

Thought I would get this rough first draft to you for review as I know a few of you are off tomorrow.

I wrote this long and with some depth knowing we would cut away at it but also because it can be used as we move forward for other purposes.

Have at it and get me your edits/comments in track change ASAP so I can revise and get to Dennis, Michelle and others that may need to look at this regionally. Reminder this is due to HQ COB Monday.

Thank you,

Peter
